TAFT AND FISHER TALKING OF HAWAII

REPUBLICAN PRIMARIES ON TONIGHT

This is the date for meetings of the Republican precinct clubs throughout the Territory, for the purpose of nominating candidates for delegates to a territorial convention, which is to meet on Monday, April 15, for the purpose of electing six delegates and six alternate delegates to the Republican National Convention to be held in Chicago on the eighteenth of June.

All of the clubs are to meet between the hours of 7:30 and 8 p. m. The election of delegates to the territorial convention is fixed for Saturday, April 6, a week from tomorrow, between the hours of one and six in the afternoon.

There is more interest felt in the present territorial convention election than has ever been manifested in the Republican party on any former like occasion. This is on account of the "armed neutrality" existing between the Frear and Kuhio forces, which has been threatened by the appeal made by Delegate Kuhio, on the eve of his return to Washington, to his supporters to send not only himself—

that and the commercial bodies are getting busy with resolutions which they are cabling on to Washington. The hearing before the Senate Finance Committee commences next Monday, and no doubt a very strong fight will be made against the Underwood bill in this committee, and carried to the floor of the Senate if necessary.

The trustees of the Chamber of Commerce held a special meeting to consider the matter yesterday afternoon, and as a result the following resolutions were adopted:

"Whereas, there is now pending before Congress a bill placing sugar on the free list, being H. R. 21213, entitled 'An Act to provide revenue, equalize duties and encourage the industries of the United States, and for other purposes,' approved August fifth, nineteen hundred and nine, and they are cabling on to Washington. The hearing before the Senate Finance Committee commences next Monday, and no doubt a very strong fight will be made against the Underwood bill in this committee, and carried to the floor of the Senate if necessary.

The Senate finance committee will start the hearings on the free sugar bill on Monday.

MILK INSPECTOR FLED FROM DAIRYMAN'S PUMP HANDLE

Sylvano Nobriga, dairyman of Nuuanu Valley, and Milk Inspector Myhre had a race last night, the course being the road leading from the Ohau Country Club to the carline. Myhre won and notified the police department of his victory this morning. He was awarded a warrant on which the name of his competitor appeared, in token of his success.

It appears that of late more water has got in Nobriga's milk than the law and the state of the weather of late allows. Food Commissioner Blanchard accordingly detailed Myhre to obtain a sample of the Nobriga dairy's lactical product.

"You and your boss and the whole Board of Health outfit can go plumb to hell," exclaimed the irate dairyman, "and you in particular had better beat it at once in that direction."

Myhre accepted the invitation promptly and Nobriga, grabbing the pump-handle or some other weapon, gave chase, having ineffectually tried to "sick" his dog on the fleeing inspector.

When the carline was reached Nobriga retraced his steps and Myhre proceeded to town.

Nobriga has frequently been in trouble before on account of his watering propensities. Myhre has helped to put him there on at least one occasion and Nobriga has since expressed in no uncertain language his dislike for the veteran inspector.

He will be charged with selling adulterated milk and with threatening and will in all probability be put under substantial bonds to keep the peace toward Myhre.

ASHFORD'S ANTI-FREAR PHILIPPIC

(Special Cable to the Star.)

WASHINGTON, March 29.—The new complaint by C. W. O. Ashford against Governor Frear, in answer to the latter's reply to Kuhio, was received yesterday by Secretary Fisher. Today it was released for publication. It covers over sixty typewritten pages and introduces some new matter, with the evident purpose of delaying the settlement of the gubernatorial question by compelling another reply from Frear. The complaint is scathing in places as well as exhaustive.

Paul Smith Warm Again

Ralph Kearns, secretary of the Territorial board of immigration, received a personal letter from Paul Smith this morning in which the writer stated that "on account of the novel sensation of feeling warm again," he was unable to talk business.

The letter, which bore the date March 2, was written while Smith was en route from Hongkong to Shanghai on board the Prinz Eitel Friedrich. From Hongkong the steamer will proceed to Manila and from thence to Singapore.

Captain Smith is on his way to Gibraltar, where he will make arrangements for the shipment of another shipload of immigrants.

MAKING FOREHANDED PREPARATION FOR NEXT YEAR'S FLORAL PARADE

The Promotion Committee is to lose no time this year in getting out its Floral Parade and Carnival advertising. At the meeting of the committee this afternoon, the chief business will be the consideration of a design for a poster which is to be printed for mainland distribution. The getting out of this poster has always heretofore been delayed until too late for the most effective work, but the members are determined that this shall not be the case this year.

According to statements made by members, it is likely that the meeting

HELPING HONOLULU MEETING FOR NEXT SUNDAY AFTERNOON

Two addresses will be made at the men's mass meeting to be held Sunday afternoon at the Empire theater, according to Paul Super, who is in charge of arrangements.

Ed. Towse will make the first address, taking for his subject, "How to Help Honolulu." Secretary Super will then deliver the main address of the afternoon upon "The Call of Christ to the Modern Man."

"The object of these talks is to point out the definite things to be done to make the city the kind of city it should be," said Mr. Super this morning.

"There are many ways to find out what must really be done to lead a Christian life.

"Many men today think that leading an active Christian life means attending prayer meeting on Wednesday night and taking up the collection. We intend to show that there is something more than this alone and it is hoped that every red-blooded man in Honolulu who can understand the English language will be at the meeting.

"These meetings mean a lot to Honolulu—more than some people think—and especially is it important that we make the men of the city realize this.

ONE FILIPINO CONFESSES TO DEADLY WEAPON WIELDING

Japanese Commercial Museum In Honolulu

For the purpose of promoting trade between Japan and Hawaii, the Japanese Commercial Museum will be opened tomorrow. It is located on the ground floor of the Japanese Consulate General, corner of Beretania and Fort streets.

Dr. Y. Mikami is manager of the museum and he has assembled a variety of merchandise, the products of Japan, in a large room allotted to the purpose.

At two o'clock tomorrow afternoon the opening ceremonies will take place, with an invited assembly present. The museum will be open to the public on and after the first of April. This example of the commercial promotion enterprise of Japan will no doubt be greatly appreciated by the business community of Hawaii.

MORE THAN THIRD SOLDIER TIRED OF TOWN'S JOYS

Registration of voters at the office of the city and county clerk reached 3431 this forenoon. This is more than one-third of the possible enrollment.

"Collector E. R. Stackable saw that all of the custom house men were registered," said Henry Van Gleson, assistant clerk, "and, if all the heads of public offices and business houses did the same, we would have the registration completed in no time."

The Hackfeld warehouse men came in and enrolled this morning.

Tonight will be the last evening session, at least until further notice, which Clerk Kalaokalani will hold.

Last night Marion Drumheller, a soldier from Schofield Barracks, put in an appearance at the police station and stated that he had been absent from camp for four days without leave and wanted to be fed, given a bed for the night and sent back to Lefehua.

Deputy Sheriff Rose gave him a plain but wholesome meal, staked him to a bed at the Hotel Paul and notified Schofield of the presence of the little stranger.

Bids for Alewa Road Are Over \$19,000 a Mile

Bids were opened at noon today in the office of the Superintendent of Public Works for the construction of 1520 feet of road on Alewa Heights. Two tenders were received from J. H. Wilson and from Gomes & Co., at \$3.69 and \$3.61 per lineal foot respectively.

This is the third time that bids have been called for to do this work, the previous tenders having been rejected on the ground that the price was excessive. Superintendent Campbell stated that, inasmuch as the bids received today are even higher than before, he prefers to consider the matter, and to have an expression from the Alewa property owners. The lower bid figures out at the rate of over \$19,000 per mile.
